

# CBRN OVERBOOT

## WORKMASTER CBRN OVERBOOT

A CBRN protective anti-static overboot with an ambidextrous quick-don design. Tested against a broad range of hazardous chemicals and chemical warfare agents, the boot design allows it to be fastened single-handedly in less than five seconds while wearing CBRN gloves.

### HIGHLIGHTS

- Meets EN ISO 20347:2012
- Ingenious rear entry design ensures the boot is quick and easy to fit and remove
- Ambidextrous design allows the boot to be worn on either the right or left
- Machine washable
- Over 10 year shelf life
- Fuel and oil resistant
- Slip resistant, non-clogging sole design
- Extremely high comfort
- Available in Olive Green or Black

### About OPEC CBRNe

OPEC CBRNe is a designer and manufacturer of high comfort, high protection chemical, biological and antiviral suit systems.

We became suppliers of the former Remploy range of suits systems in 2019. Since then the OPEC CBRNe Technical and Design team based in Cheshire, UK, have innovated to develop systems which optimise comfort for the end user without compromising protection.

We have innovated and improved chemical and biological suit systems to provide the lightest,

most comfortable PPE for both CBRN and antiviral protection.

Our leading product, the Kestrel, was selected by Australian DoD as their system of choice in 2019. With expertise in supplying large volumes as well as smaller MOQ's, we have manufacturing capability across the world in locations including UK, Asia and USA.
